PORTALS AND ACCESS MANAGEMENT

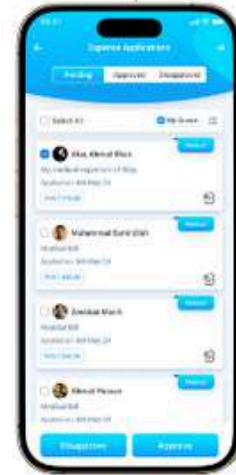

HR

If an authorised user wants to update the company's Leave Policy, they will log in to the HR Portal.

EMPLOYEE

If a user wants to create a Leave Application, they will log into their Employee Portal.

LINE MANAGER

If a user wants to approve a Leave Application from someone in their team, they will log into HR the Line Manager Portal.

DISBURSEMENT OF FUNDS

Peoplei has disrupted the way traditional payroll software is viewed because it is the first payroll processing software that disburses the funds to your employees accounts. You no longer have to extract a payroll sheet from your HRMS and upload it to your online banking portal or submit it to your bank. You simply choose the employees to whom you would like to disburse the salary in Peoplei, and click on 'Disburse'.

Calculate Payroll

Select Source Bank

Select Destination Bank

Peoplei's integration with online banking systems is what makes this possible. Every month, we are adding new banks to our panel to give our clients a wide choice of options to choose from.

Digitt+

easypaisa

Bank Alfalah

BankIslami

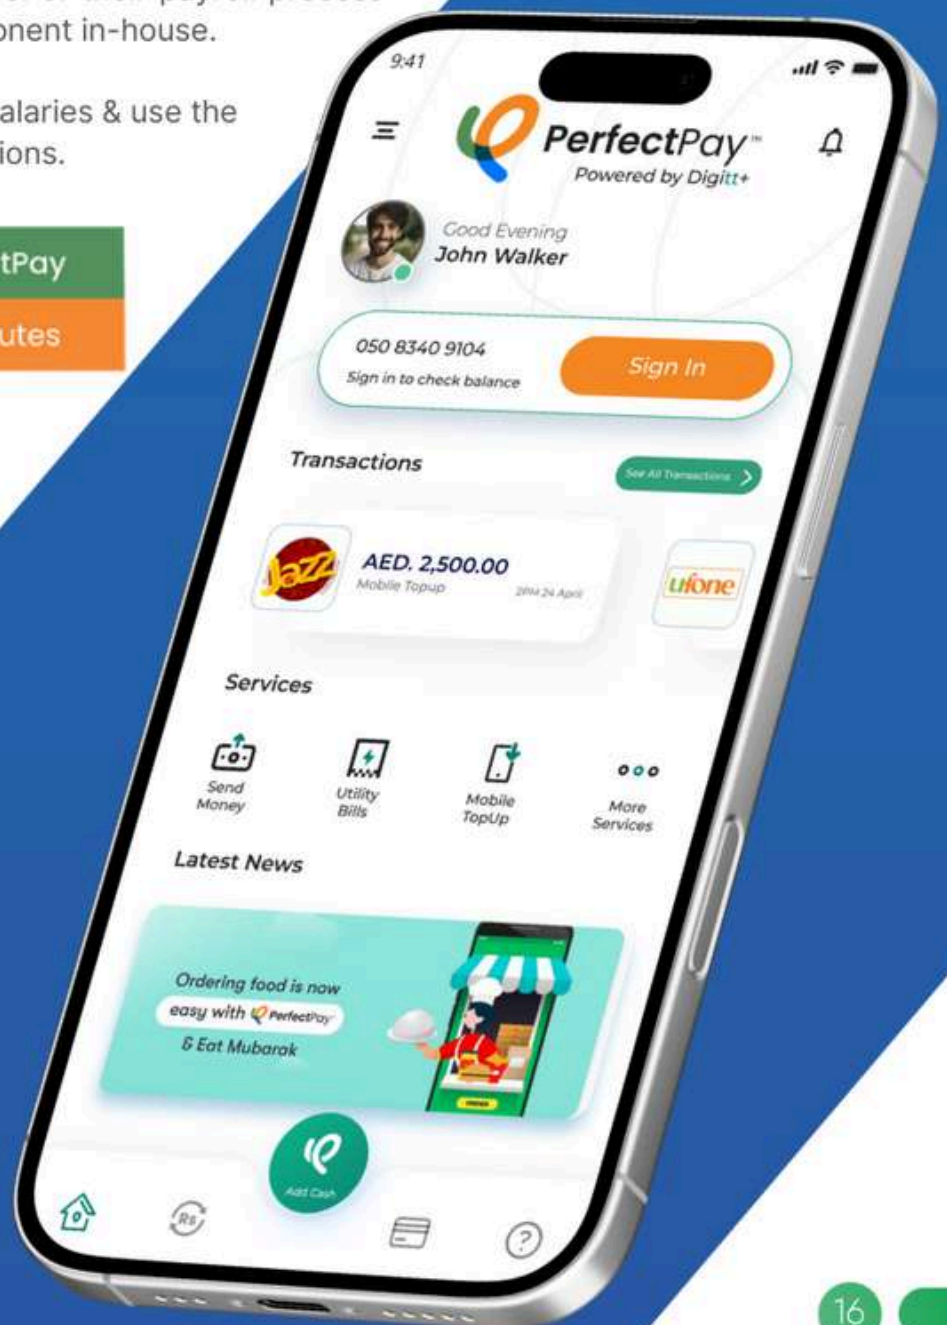

PerfectPay

PerfectPay is a modern branch-less banking solution, utilising cutting-edge technology to optimise employee's banking and salary experience.

Besides that, PerfectPay integration with Peoplei gives employers even further control of their payroll process by moving the banking component in-house.

Employees can access their salaries & use the wallet for all kinds of transactions.

Bank	PerfectPay
15 minutes	2 minutes

CROSS-PLATFORM ACCESSIBILITY

Peoplei is a self-service HR platform with the power to give structure to, and streamline all your HR processes. It also allows People Perfect™ to provide support and services to your staff to ensure employees of all capabilities can benefit from HR technology.

Biometric Thumb Scanners

Facial Recognition Machines

Eye Recognition Machines

RFID Read leaders

MOBILE APP

The Peoplei app enables users to execute all functions from the palm of their hand, including the additional facility of Geolocation based attendance.

TABLET APP The Peoplei tablet can be installed in office spaces to enable users that do not have access to smart phones or laptops to fully benefit from the software.

DESKTOP APP

The Peoplei desktop interface can be accessed through any browser. It acts as a comprehensive suite of all functionalities Peoplei has to offer along with powerful tools and dashboards for full organisational control.

INTEGRATIONS

Peoplei seamlessly integrates with a variety of softwares to give its users a one-window experience for all their HR administration needs. Listed below are some of the popular built-in integrations opted by our clients:

Odoo

Allows Peoplei to post payroll journal entries, creating further enhancement in the payroll processing journey. Even after payrolls have been processed and disbursed.

Priority Bridge

Priority Bridge is an AI-based cultural benchmarking tool. It used AI to understand the culture of your organisation as a whole as well as the cultural qualities of individual employees.

Manatal

Integration with Thailand's leading AI-based recruitment platform in 2022 marked Peoplei as the first AI-enabled software to come out of Pakistan.

Avanz

This integration allows us to run background checks on candidates that are being considered for recruitment by our client.

OUR CLIENTS

The world's biggest companies have already made the switch to Augmented Outsourcing Technology. Due to its enriched feature set and detailed configuration capability, Peoplei is currently being used in more than 20 countries across the globe.
